Activity 03 - Artisan Bakery Product Series: Tone, Colour, and Consistency

Course: Adobe Lightroom Masterclass Course Code: C200 Alignment: Topic 2
Version: v1.0 | 30 September 2026

Scenario

A neighbourhood bakery needs a cohesive image set for its online menu. The photographs were captured under mixed lighting and vary in brightness. The food must look warm and inviting but still believable, with consistent whites and product colour across the series.

Role cards

Role 1: Lead editor

Represent this stakeholder's legitimate needs, constraints, quality risks, and preferred outcome. Record decisions in observable production terms.

Role 2: Bakery owner

Represent this stakeholder's legitimate needs, constraints, quality risks, and preferred outcome. Record decisions in observable production terms.

Role 3: Food stylist

Represent this stakeholder's legitimate needs, constraints, quality risks, and preferred outcome. Record decisions in observable production terms.

Role 4: Brand reviewer

Represent this stakeholder's legitimate needs, constraints, quality risks, and preferred outcome. Record decisions in observable production terms.

Role 5: Quality observer

Represent this stakeholder's legitimate needs, constraints, quality risks, and preferred outcome. Record decisions in observable production terms.

Scenario questions

1. Which design principle guided your crop?
2. Why did Vibrance or Saturation suit this material?
3. What should the preset exclude?
4. How did you evaluate consistency without forcing identical values?
