Activity 05 - Community Portrait Campaign: Natural Masking and Retouching

Course: Adobe Lightroom Masterclass Course Code: C200 Alignment: Topic 2
Version: v1.0 | 30 September 2026

Scenario

A community campaign needs a warm portrait that feels authentic. The subject is underexposed, the background competes for attention, and small distractions are visible. The client forbids body reshaping and wants skin texture and identity preserved.

Role cards

Role 1: Portrait editor

Represent this stakeholder's legitimate needs, constraints, quality risks, and preferred outcome. Record decisions in observable production terms.

Role 2: Campaign producer

Represent this stakeholder's legitimate needs, constraints, quality risks, and preferred outcome. Record decisions in observable production terms.

Role 3: Subject advocate

Represent this stakeholder's legitimate needs, constraints, quality risks, and preferred outcome. Record decisions in observable production terms.

Role 4: Ethics reviewer

Represent this stakeholder's legitimate needs, constraints, quality risks, and preferred outcome. Record decisions in observable production terms.

Role 5: Quality observer

Represent this stakeholder's legitimate needs, constraints, quality risks, and preferred outcome. Record decisions in observable production terms.

Scenario questions

1. Which changes improve attention without changing identity?
2. Where did mask refinement matter most?
3. Which retouching tool was least intrusive?
4. What should be disclosed to the stakeholder?
